

FORM CRS (Client Relationship Summary)

N10° Wealth

June 1, 2026

N10° Wealth is an investment adviser registered with the Securities and Exchange Commission and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ, and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: Portfolio Management Services; Financial Planning & Consulting Services and Retirement Plan Consulting. For more detailed information regarding our services, fees and other disclosures for our firm, please refer to Items 4, 5, 7, 8, 13, and 16 in our Form ADV Part 2A Brochure in this link: [ADV Brochure](#).

- **Account Monitoring:** If you choose to open an advisory account with us, as part of our standard services, we will meet with you initially to assess your current financial situation. Depending on your financial situation, we will recommend a portfolio of investments that are tailored to your financial needs. Our firm will monitor your investments on at least an annual basis.
- **Investment Authority:** We offer investment accounts on a discretionary basis. In a discretionary account, we have discretion to select, retain, or replace third-party managers to manage your account(s). You do have the option to limit discretionary authority by providing us with your restrictions and guidelines in writing.
- **Investment Offerings:** We provide advice on various types of investments, and we do not restrict our advice to limited types of products or investments.
- **Account Minimums and Requirements:** We do not have minimum amounts or requirements for opening and maintaining accounts with us.

Conversation Starter:

[Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?](#)

You will be charged an ongoing quarterly fee based on the value of the assets in your account. Our maximum Portfolio Management annual fee is 2.50%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our fees from your advisory account.

If we decide to use a Third-Party Manager for your account, the Third-Party Manager fees are determined by the particular program(s) and manager(s) with which the Client's assets are invested and are calculated based upon a percentage of Client assets under management, as applicable. Independent fixed-income manager fees generally range from 0 - 0.90% annually, and independent equity manager fees generally range from 0.00% - 1.50% annually.

Financial Planning / Consulting and Retirement Plan Consulting fees will be charged at an hourly or fixed rate as agreed upon by you and the firm. You can find more information about our fees and costs under Item 5 of our Disclosure Brochure or Item 4 of Appendix 1 to our Disclosure Brochure, available at [Investor.gov/CRS](https://investor.gov/CRS).

In addition to advisory and transaction fees, there are additional fees such as postage and handling, transfer taxes, SEC fees for sales of securities, and similar charges. These additional fees are not material, but like advisory and custodian fees, they do have an adverse impact on the value of your portfolio over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at [ADV Brochure](#).

Conversation Starters:

[Help me understand how these fees and costs may affect my investments. If I give you \\$10,000 to invest, how much will go to fees and costs and how much will be invested for me?](#)

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interest. You should understand and ask us about these conflicts, because they can affect the investment advice we provide you.

Here is an example to help you understand what this means:

Affiliated Entities: We can refer clients to an affiliated investment adviser to provide money management services or recommend an exchange-traded fund that is managed by an affiliated investment adviser. The client will pay fees directly or indirectly to all affiliated entities, which causes a conflict of interest. The fees charged by all entities will be justified by the services provided.

Other Third-Party Payments: Certain financial professionals providing investment advice on behalf of our firm are licensed as independent insurance agents. These people will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating additional commissions.

Additional information about our conflicts of interest is in our Form ADV Part 2A Brochure which can be accessed online at [ADV Brochure](#).

[How might your conflicts of interest affect me, and how will you address them?](#)

Our financial professionals are compensated by our firm from revenue paid to the firm for advisory services and consulting services rendered to our clients. Advisory fees are based on the amount of client assets they service, and the time and complexity required to meet a client's needs. Financial Planning / Consulting and Retirement Plan Consulting fees may be a flat fee or an hourly fee and are based on the scope and complexity of our engagement with the client.

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple search tool to research our firm and financial professionals.

Conversation Starter:

[As a financial professional, do you have any disciplinary history? For what type of conduct?](#)

You can find additional information about our firm's investment advisory services on the SEC's website at www.adviserinfo.sec.gov by searching CRD #342013. You may also contact our firm at 203-930-2881 to request a copy of this relationship summary and other up-to-date information.
